

West Family Lifelong Creativity Award

The West family is dedicated to helping foster creative expression through art in our family and want to extend that to the Durant Community. It is important that creative expression continues after high school has been completed. Unlike other high school activities (e.g. sports) which become harder with age, art skills can last a lifetime. We have seen the value in physical art – painting and sculpture. Students will have the opportunity to submit one piece of artwork with an accompanying artist statement for award review. All art will be reviewed by the West Family after April 18th with the following weighting: 50% technical application, 25% originality, and 25% artist statement.

The **Purpose** of the **West Family Lifelong Creativity Award** is to provide awards to high school juniors and seniors students based on the criteria listed below.
